Appl. No. 10/791,507  
Amdt. dated Friday, 18<sup>th</sup> July 2008  
Reply to Office action of 22-Jan-08

**AMENDMENT and RESPONSE**

In response to the Patent Office examiner's Action mailed 22 Jan 2008, please amend the above-captioned case as follows. The undersigned thanks the primary examiner for her time to briefly discuss the instant prosecution, and encourages the examiner to follow-up by tel, as needed, in an effort to aid in efficient prosecution.

**Amendments to the Specification** reflecting any suggested corrections *<none recommended>* to lend readability or clarity to the application, begin on page *<none>* of this correspondence.

**No Amendments to the Claims** *<none have been made>*; full listing of the pending claims begins on page {--} of this correspondence.

**No amendments to the Drawings** are deemed necessary, as no suggestion or objection has been, yet, made to so amend.

**Remarks/Arguments** begin on page 3 of this correspondence.
